The following assessments are required for students as indicated in the _____ column. FDOE will complete this section with the required statewide assessments. Districts should then populate the _____ column for each assessment in the table but should not modify any FDOE-provided information.

When calculating total test time in Section 6, do not include times for assessments indicated by grey rows, which indicate duplicate assessment windows (e.g., EOCs), assessments that take the place of another assessment, or assessments that do not have a specified testing time.

³ Any student who has not completed the session by the end of the allotted time may continue working; however, testing must be completed within the same school day.

⁴ If indicated, "applicable students" relates to the sub-group(s) of students who *may* take that assessment; it does not indicate that all students throughout the state in that sub-group will take that assessment.

Assessments for which no applicable student group is listed are available to students as needed but are not limited to any specific sub-group.

⁵ The FSAA—Performance Task is designed for students with significant cognitive disabilities for whom participation in the general statewide assessment is inappropriate, even with accommodations.

Complete the table below with assessments that are required for all schools in the district.

*When calculating total test time in Section 5, FLVS did not include times for assessments designated by grey rows, which indicate that not all students participate in this testing.
