

WATER SAFETY & SWIMMING CERTIFICATION

1003.225 Water safety and swimming certification(1) For the purposes of this section, appropriate education intended to promote safety in, on, and around bodies of water and reduce the risk of injury or drowning. Beginning with the 2022-2023 school year, each public school shall provide, to a parent who initially enrolls his or her child in the school, information on the important role water safety education courses and swimming lessons play in saving lives. The information must be provided electronically or in hard copy and must include local options for appropriate water safety courses and swimming lessons that result in a certificate indicating successful completion, including courses and lessons offered for free or at a reduced price. If the student is 18 years of age or older, or is under the age of 21 and is enrolling in adult education classes, the information must be provided to the student. History.v.s. 9, ch. 202-35.
