21st Century Community Learning Centers
Brevard After School Academy Programs

Florida's 21st Century Community Learning Centers (21st CCLC) program is an opportunity for students and their families to continue to learn new skills and discover new abilities after the school day has ended. The focus of this program is to provide expanded academic enrichment opportunities for children attending Title I or Title I eligible schools. The 21st CCLC grant is authorized under Title IV, Part B, of the Elementary and Secondary Education Act (ESEA), as amended by

The 21st CCLC program, along with community partners deliver hands-on academic and personal enrichment opportunities to each student enrolled in our programs.

The 21st Century program looks forward to working with your family. Enrollment packets are available through the site coordinator at your school. Completed enrollment packets should then be returned to the site coordinator. You will receive a phone call once your child has been accepted into the program, and you will be provided further information about his/her schedule and upcoming events.

The program does not offer medical or nursing services, except for emergency first aid.

Students will receive a healthy USDA snack with a drink.
Please see the parent information board for a full snack menu.

If a child becomes ill while attending the program, the parent(s) or guardian(s) will be contacted to remove the child from the program. Until the parent arrives, the child will rest in a quiet area under the supervision of a staff member. Under no circumstances will the ill child be permitted to go home alone. Families will be notified

Parents/authorized adults are required to enter the building to pick up and

An important component of your child's education is parent/family involvement. There is a wealth of evidence that shows that when parents or family members are involved:

- Children do better academically and socially.
- Parent/family-child relationships, parenting skills, parent/family feelings towards school improve.
- Teachers and staff can do more for the students.

Adult family members are expected to attend all Adult Family Member Educational activities during the year. This year our Adult Family Member Educational activities will be held in person and/or virtually.
